

# Osmos Tannin Remover Powder

Easily removes  
tannin stains  
from crockery.

Suitable for use  
as a coffee  
machine  
destainer.

Manual dosing  
for controlled  
economy of use.

3.5kg | OSM-TRP-3.5

A powerful powdered detergent, designed for the removal of tannin stains caused by tea and coffee from crockery. For use on china, plastic, melamine, stainless steel, chrome and most other metals.

Can also be used to run through coffee machines to remove tannin stains.

Not suitable for use on aluminium.

12.5kg | OSM-TRP-12.5

## Directions for use

For professional use only.

### For Soak Treatment:

1. Dissolve 25g powder per 1L hot water (~80°C), in either a sink or bucket.
2. Soak items for 10-15 minutes.
3. Rinse thoroughly with clean fresh water or run through a dishwasher as desired.

### For Commercial Coffee Machines:

1. Insert blanking disk (or blind filter) into the group handle.
2. Add 3-5g powder into the group handle.
3. Start brew cycle and wait 30 seconds.
4. Rinse through at least 2 times without addition of powder.

### For Domestic Coffee Machines:

1. Add 3-5g powder to 0.5L warm water in the water tank.
2. Pump the solution through till the water tank is empty.
1. Rinse the tank, refill with fresh water and pump through till empty to remove any remaining destaining solution.
