

Osmos Dishwasher Powder

Easily removes grease and food soils from crockery.

Suitable for use in all water hardness areas.

Manual dosing for controlled economy of use.

12.5kg | OSM-DOW-12.5

A manually dosed, low foaming dishwasher powder that is suitable for use in both domestic and commercial dishwashers where a separate rinse additive is used. Quickly and effectively removes food soils from crockery, utensils and glassware.

Suitable for use in all water hardness areas.

It is recommended to check manufacturer's instructions or to test wash single items to confirm suitability of items to be placed in an automatic dishwasher. Items such as lead crystal, antique or hand painted items (where the pattern is over the glaze) are not suitable for automatic dishwashing.
