

Easidose Ecolabel Window & Stainless Steel Cleaner

EVOLUTION
SUPER CONCENTRATES

Streak-free
formulation for a
sparkling finish.

Effectively cuts
through
atmospheric
grime.

Certified under the
EU Ecolabel –
MT/020/001

An efficient solvent based cleaner, that easily cuts through dirt and grime on glass windows and surfaces for a sparkling finish. Suitable for use on stainless steel surfaces to clean and polish, where a streak-free finish is required. Made using a phosphate-free formulation, that has been certified under the EU Ecolabel.

Directions for use

For professional use only.

1. Always dilute before use.
2. Dispense between 20-30ml product into a 750ml refill flask (2.7-4%) depending on level of soiling and fill with clean water.
3. Apply product either directly onto the surface or onto a clean cloth.
4. Wipe the surface to be cleaned.
5. Buff the surface with a clean wipe or cloth for a streak-free finish.
6. Repeat as required.

Refilling from 1L bottle system:

1. Remove the cap from the bottle and gently squeeze to fill the built in measuring cup.
2. After measuring, carefully pour the measured dose into a refill flask.
3. Fill to the line with clean, fresh water.
4. Re-attach the trigger spray and lightly shake the mixture, to ensure that it is fully diluted and ready to use.
