

Osmos Universal Glass & Dishwasher Detergent

Easily removes
grease and food
soils in one
wash.

Suitable for use
in medium to
hard water
areas.

Specifically
designed for use
with auto dosing
systems.

A concentrated dishwasher detergent specifically designed for use with commercial and industrial dish and glass washing machines. Added via an auto dosing system to the main wash stage of the wash cycle, it ensures the quick and efficient removal of greasy stains from ceramics, porcelain, china, crockery and glassware.

Suitable for use in medium to hard water areas, in conjunction with dishwashing rinse aids such as Osmos Universal Glass & Dishwasher Rinse Aid.

Not suitable for hand washing or for use on aluminium.

Directions for use

For professional use only.

1. This product is automatically dosed into the machine.
The dose rate will be set by our engineers depending on water hardness.
Typical use rates are around 2-4ml product per litre of rinse water.
