Directions for use

For professional use only.

1. Always test on an inconspicuous area prior to use.
2. Apply product directly to the surface to be cleaned or onto a clean, damp sponge. For best results ensure that the surface remains moist for up to 5 minutes.
3. Rinse the surface with clean water or wipe with a clean damp cloth. Allow the surface to air dry or buff to a finish.

Replacing the 325ml cartridges:

1. Insert the cartridge of the concentrate into the rear of the X2 trigger by pushing it straight up. Turn the locking lever into place.
2. Take the empty water cartridge and fill with clean, fresh water.
3. Line the water cartridge up with the grooves in the concentrate cartridge and push up into the front part of the trigger. Turn the locking lever into place.
4. Before using, perform a few test sprays to ensure that the cartridges are fitted correctly.
