

Mixxit Antibacterial Multi-Surface Cleaner

Effective against
99.999% bacteria
in 30 seconds.

2-in-1 hard surface
disinfectant and
cleaner.

Fragrance-free
formulation, Ideal
for use in food
preparation areas.

An effective concentrated, disinfectant cleaner, for use on most non-porous hard surfaces. Ideal for use in areas where easy and efficient cleaning and sanitising is required, such as kitchens, schools, offices, care homes and clinics. Can be used on a wide range of surfaces, including worktops, walls, paintwork, sinks, washrooms and bins. Its fragrance-free formulation makes it ideal for use in food preparation areas to avoid tainting. Conforms to EN1276 and EN 13697, killing 99.999% bacteria within 5 minutes.

Directions for use

For professional use only.

1. Dilute to 4% (30ml per 750ml refill flask). Or if using a dosing or pelican pump, dispense 1 pump into a refill flask.
2. Apply to surface to be cleaned via spraying or by wiping. Paying particular attention to corners and under edges.
3. For lighter soiling ensure the surface is completely wet after application for at least 30 seconds.
For heavier soiling, leave the product for up to 5 minutes.
4. Rinse or wipe with a clean damp cloth or allow to air dry.
Surfaces that may come into contact with food must be rinsed after application.
