

Crystalbrite Premium Pearl Bio Laundry Detergent

CRYSTAL BRITE

Contains optical brightening agents to help enhance whites.

Excellent stain removal even when washing at low temperatures.

Helps to keep colours looking bright and fresh.

A highly concentrated, biological laundry liquid designed to remove most types of soiling. Can be used as a "one shot" liquid or in conjunction with other laundry additives for additional stain removal properties. Contains a blend of surfactants, anti-redposition agents, optical brightening agents, water softeners and enzyme to

Includes enzymes to help boost stain removal even when used at low temperatures. Contains a fresh fragrance to remove malodours from fabrics, leaving them smelling clean and fresh after every wash.

Directions for use

For professional use only.

1. To be used in the main wash stage at a dose between 10-15ml per kg dry weight laundry. This dose can be reduced as low as 2-3ml when used in conjunction with other laundry additives*.

Can be used through an autodosing programme on larger machines, or manually dosed into the dispensing drawer.

*Speak to your Cleenol Engineer about a suitable laundry dosing programme.
