

Osmos 2-in-1 Dishwasher Detergent

Detergent and
rinse aid
combined in one
formulation.

Suitable for use
in all water
hardness areas.

Specifically
designed for use
with auto dosing
systems.

A combined dishwasher detergent and rinse aid specifically designed for use with commercial and industrial dishwashing machines. Added via an auto dosing system to the machine, it ensures the quick and efficient removal of greasy and tannin stains from ceramics, porcelain, china and crockery without the need for an additional rinse aid. Ideal for use in smaller kitchen areas where space is limited.

Suitable for use in all water hardness areas.

Not suitable for hand washing or for use on aluminium.

Directions for use

For professional use only.

1. This product is automatically dosed into the machine.
The dose rate will be set by our engineers depending on water hardness.
Typical use rates are around 2-4ml product per litre of rinse water.
