Product Info

Colour: **White**

Fragrance: **None**

pH (1% Solution): **9 - 10**

Shelf Life: **24 Months**

A oxygen based, stain removing laundry powder designed to remove bleachable stains from fabrics. Can be used on its own or in conjunction with standard laundry detergents. Helps to remove stains from fabrics when used at high temperatures without adversely affecting the fabrics.

Phosphate-free formulation. Suitable for use as a prewash or as an additive in the wash to boost stain removal.

Directions for use

For professional use only.

For pre-soaking:

1. Dissolve 50g per 5L hot water (65-85°C). Ensure the powder dissolved completely before adding in washing.
2. Soak for at least 30 minutes, wring out then wash as normal.

For using in the main wash:

1. Add to the washing machine at 2-4g per kg dry weight laundry, and wash at 65-85°C. Can be used alone or in conjunction with a liquid detergent.
