

Mixxit Toilet Cleaner

Forms a thick gel
after dilution with
water.

Contains a fresh
citrus fragrance, to
help remove bad
odours.

Concentrated
formulation, for
more economical
use.

A concentrated, fragranced toilet cleaner, that when diluted with water forms a viscous gel. Allowing for increased contact time of the product to help remove even the most stubborn of scale and soils. Ideal for daily use, utilising a blend of detergents and natural acids to leave toilets clean and scale free. Contains a fresh citrus fragrance to help dispel any bad odours.

Suitable for use on both stainless steel and porcelain.

Directions for use

For professional use only.

1. Fill flask to line level with clean, fresh water.
2. Dilute 50ml product per 500mL water (10%). Or if using a dosing unit or pelican pump, dispense 2 pumps into a refill flask.
3. Lightly shake mixture to thicken.
4. Pour around the rim of toilets and across the top part of urinals.
5. Use a brush to ensure the entire surface is evenly coated with product.
6. Leave to sit for a few minutes, before brushing away any heavy soiling.
7. Flush the toilet or urinal.
8. Repeat as needed.
