

Stainless Steel Polish

CLEENOL

EST. 1948

Removes light soiling and leaves a bright mirror finish after use.

Leaves a protective film, to prevent grease and food splatter from sticking to surfaces.

Fragrance-free formulation, ideal for use in food preparation areas.

6 x 750ml | 052688

A mineral oil-based polish, that helps to remove light soiling and leave a protective film on stainless steel. Preventing grease and food splatters from sticking to cooking surfaces and equipment for easier cleaning. Leaving surfaces with a bright, mirror like shine after application.

Not suitable for use directly on food preparation surfaces.

Directions for use

For professional use only.

1. Spray directly onto the surface to be cleaned.
For best results, apply with the grain of the stainless steel.
2. Wipe with a clean, dry cloth, allow to air dry.
