

edenclean Concentrated Enzyme Digester

2-in-1 action, cleans
and deodorises in
one operation.

Contains a
comforting vanilla
fragrance.

Suitable for use on
both fabrics and
hard surfaces.

A concentrated biological based cleaner and deodoriser. Utilises a blend of detergents and probiotic bacteria which release enzymes that effectively break down stains and remove odours at the source, including urine, vomit and food spills.

Suitable for use on both fabrics and hard surfaces. Can be used through carpet water extraction machines.

Directions for use

For professional use only.

Shake container well before use.

NB – the formulation is activated via dilution. Solutions should be used with 3-4 hours after dilution. Excess solution can be used to clear sinks, urinals and toilets.

For carpets and fabrics:

1. Dilute 100-500ml per L clean, fresh water (10-50%) depending on the degree of soiling.
2. Brush well into the affected area and leave to dry.
3. Vacuum once dry.

For concrete and other hard surfaces:

1. Dilute 50-200ml per L clean, fresh water (5-10%), depending on level of soiling.
2. Mop or wipe onto area, do not leave excess water on the surface.

eden
clean

3. Leave to air dry.

2 x 5L | EDN-CED-2X5

6 x 1L | EDN-CED-6X1
