

PRODUCT USE GUIDE FOR

AUTO CLEEN CAR SHAMPOO WITH WAX

M6

Product Description

A neutral car wax shampoo with an exceptionally high degree of cleaning power. Leaves vehicles with a deep, lustrous finish from the wax additive in this quality car shampoo. Removes light to medium atmospheric soilings.

Product Features

- Formulated for the washing of cars by hand, Car Shampoo with Wax is designed to cut through road traffic film whilst the waxes leave a protective shiny film.
- It contains vegetable derived surfactants and betaines and is pH balanced to neutral giving a mild formulation which is kinder to skin than many conventional formulations.

Directions for Use

- To use add approximately 30ml per 5 litres warm water.
- **Note:** This product has been specially formulated to be mild to skin. However, prolonged and frequent usage of even mild detergents in hot water may cause skin problems by defatting of the skin. It is therefore recommended that rubber gloves be worn. If no gloves are worn, then rinse hands and dry thoroughly after use. Use of an emollient cream such as Clean Hands Universal Barrier Cream (available from Cleenol) is also advisable.

Storage

- Store in cool conditions away from direct sources of heat
- Avoid extremes of temperature
- Do not allow to freeze
- Ensure the cap is tightly fitted after use
- Keep out of reach of children

Shelf Life

- Shelf life 24 months, if stored as recommended.
- Use within 6 months of opening.

Environmental

- Do not allow large quantities of neat liquid to enter surface waterways.
- This product uses recyclable packaging. The detergents used in the formulation are biodegradable to EU guidelines under the detergents regulations (EC) No 648/2004.
- It contains no Phosphates
- None of the components of this product are animal derived.
