

## PRODUCT USE GUIDE FOR BEER PIPE CLEANER K7

### Product Description

A highly effective cleaning solution for perfect results every time. Always follow the equipment manufacturer's guidelines.

**HEALTH AND SAFETY WARNING – CORROSIVE. ALWAYS WEAR PROTECTIVE CLOTHING.**

### Product Features

- Concentrated and highly effective cleaner for the maintenance of beer lines.

### Direction for Use

- Add 50ml product to 5 litres cold water. Thoroughly mix cleaning solution in a brewery approved cleaning container.
- Drain beer from system.
- Fill system with cleaning solution ensuring any remaining beer is forced out.
- Leave system to soak for at least 30 minutes.
- Flush remainder of solution through system to drain.
- Flush plenty of cold water through system to ensure all traces of solution are removed.
- Refill system with beer.

Not for use in brass beer engines. Use only in diluted form according to instructions. Use only in cleaning containers supplied by the brewery. Use fresh solution every time - do not store in diluted form. Draw solution through the pipe-work. Rinse the line with clean water before re-use.

Correct use of this method each week will ensure pipes and equipment are maintained in a hygienic condition. Note – always make up fresh solutions.

### Storage

- Store in cool conditions away from direct sources of heat
- Avoid extremes of temperature
- Do not allow to freeze
- Ensure the cap is tightly fitted after use
- Keep out of reach of children

### Shelf Life

- Shelf life 24 months, if stored as recommended.
- Use within 6 months of opening.
