

PRODUCT USE GUIDE FOR CHLORINATED POWDER SANITIZER B5

Product Description

A free flowing blue powder for the cleaning, sanitizing and deodorising of food preparation surfaces and internal components of vending machines. Will remove stains from chopping boards and toilet bowls. Complies with BSEN1276 (European Suspension Test) at 1% dilution and has been found to be effective against the following bacteria after a contact time of 30 seconds, killing 99.9% of Pseudomonas aeruginosa, escherichia coli, staphylococcus aureus and enterococcus hirae.

Product Features

- Designed for use in cleaning, sanitizing, deodorising and stain removal from a large range of catering equipment including vending machines and chopping boards.
- It can also be used for general cleaning of lightly soiled surfaces and floors and for cleaning and disinfecting chopping boards.
- 5g powder in 1 litre yields 111 ppm chlorine.

Direction for Use

- **Catering equipment:** Use 60g/5 litres hot water. Immerse until soiling is removed and rinse thoroughly with clean water.
- **Vending machines:** Use 60g/5 litres hot water. Immerse removable parts of machine in solution. Sponge the solution over the body of the machine taking care to cover every exposed part. Rinse all parts with clean water and allow to dry before use.
- **Work surfaces, chopping boards, etc.:** Sprinkle powder directly onto surface and scrub well until clean. Rinse all surfaces thoroughly with clean water.

Storage

- Store in cool conditions away from direct sources of heat
- Avoid extremes of temperature
- Do not allow to freeze
- Ensure the cap is tightly fitted after use
- Keep out of reach of children

Shelf Life

- Shelf life 24 months, if stored as recommended.
- Use within 6 months of opening.

Environmental

- Do not allow to enter surface waterways as serious ecological damage may be caused.
- In the event of a large spillage, contact the local water authority or Environment Agency immediately.
- None of the components of this product are animal derived.
