

Kettle Descaler

Description

A powerful kettle descaler designed to remove the white deposits caused by lime from all types of kettle leaving them sparkling bright and help restore efficiency.

Directions For Use

Dilute product 1:5 with room temperature water (200ml per 1L).

Place solution into the kettle up to the maximum fill line.

Leave to soak for ~5 minutes allowing for scale removal.

Empty out the kettle and thoroughly rinse.

Repeat with fresh solution if necessary.

Refill the kettle with fresh water and bring to boil, then rinse twice with fresh water before using.

Product Codes

6x1L | 010321

Storage

Store in cool conditions away from direct sources of heat.

Avoid extremes of temperature.

Do not allow to freeze.

Ensure the cap is tightly fitted after use.

Keep out of reach of children.

Shelf Life

Shelf life 24 months, if stored as recommended.

Use within 6 months of opening.

Environmental

Do not allow neat liquid to enter surface waterways as serious ecological damage may be caused.

In the event of a large spillage, contact the local water authority or Environment Agency immediately.
