

## Evolution Antibacterial Multi-Surface Cleaner

### Description

A super concentrated antibacterial surface cleaner particularly suited to the kitchen environment. It's fragrance-free formulation prevents the tainting of food. Ideal for the cleaning of food preparation areas and areas involved in the processing of meats, cream and other foods that may carry high risk of bacterial contamination.

May be used to clean and disinfect most hard surfaces including worktops, salad bars, microwaves, stainless steel surfaces, canopies and chopping boards. Conforms to EN1276 when diluted to 2.7% (20 ml per 750 ml). Also passes the 5929 triangle taint test. Use biocides safely and sustainably. Always read the label and product information before use.

### Directions For Use

Designed for use through the Cleenol Evolution dispensing system. The product may be dispensed by the Evolution system into the 750ml flask at a rate of 5ml (light soiling), 10ml (light to moderate soiling), 15ml (moderate to heavy soiling) or 20ml (heavy soiling / antibacterial activity), depending upon the strength of finished product required.

Apply product to paper wipe. Wipe surface to be cleaned, paying attention to under edges and corners. Allow to dry for at least 5 minutes.

Refilling 750ml Flask: Follow bottle filling directions on product system chart. When empty, fill to top line of bottle.

Reloading Pouch Pack: (1) Remove empty pouch from dispenser and dispose of as normal waste. (2) Remove screw cap. (3) Insert pouch in Evolution Dispenser No. 3. (4) Depress locking cap firmly into pouch. (5) Lock cabinet. (6) Insert over-rider key and pump until product is dispensed (ensure flask is in place).

### Product Codes

EV3

### Storage

Store in cool conditions away from direct sources of heat.

Avoid extremes of temperature.

Do not allow to freeze.

Keep out of reach of children.

### Shelf Life

Shelf life 24 months, if stored as recommended.

Use within 6 months of opening.
