

PRODUCT USE GUIDE FOR

EVOLUTION X2 BATH & WASHROOM CLEANER

X2N2

Product Description

Part of the Evolution X2 Range - an easy to use, lightweight spray system which instantly mixes water and a concentrate without the need to measure. No need for wall mounted dispensers or professional installers. One cartridge produces the equivalent to over 12x750ml ready to use triggers.

Product Features

- An antibacterial and descaling product which effectively removes natural oils, soap deposits and general soiling from baths, sinks, showers, WCs, tiles, glass screens and hard floor coverings.
- Helps prevent hard water deposits from forming on surfaces and leaves a refreshing mild fragrance to deodorise the room.
- Contains a fresh citrus perfume.
- The product has passed the European Suspension Test (BSEN 1276) when diluted through the X2 system, and has been found to be effective against the following bacteria after a contact time of 5 minutes: Pseudomonas aeruginosa, Escherichia coli, staphylococcus aureus, and enterococcus hirae.

Direction for Use

- Apply product to a clean, damp, sponge or cloth.
- Apply to wetted surface to be cleaned.
- Rinse surface thoroughly with clean water.
- Allow to air dry or buff to a finish.

Note: It is recommended that the trigger head be used for one product type only to avoid cross-contamination.

- How to Use
- Insert the cartridge containing Bath & Washroom Cleaner into the rear position of the X2 Spray System. Turn the locking mechanism to securely hold the cartridge in place.
- Fill the water cartridge with cold water from the tap. (Keep the cartridge so you can reuse it).
- Insert the full water cartridge into the front of the X2 Spray System ensuring that the cartridge locks into place securely against the concentrated product cartridge.

Storage

- Store in cool conditions away from direct sources of heat
- Avoid extremes of temperature
- Do not allow to freeze
- Ensure the cap is tightly fitted after use
- Keep out of reach of children
