

## PRODUCT USE GUIDE FOR CONCENTRATED ACID DESCALER K16

### Product Description

An extremely active acidic material designed to remove limescale, rust and concrete deposits. Ideal for cleaning building equipment. Contains a corrosion inhibitor to help protect most non-ferrous metals, brass and bronze. Not suitable for use on ferrous metals and stainless steel.

### Direction for Use

- Concrete removal: Wet surface thoroughly with water before applying product.
- Use neat in well ventilated area.
- Rinse thoroughly after use.
- Limescale removal: Depending upon degree of scale, use from 1:10 to 1:5.
- Always add acid to water, NOT water to acid.
- *Do not use on stainless steel.*

### Storage

- Store in cool conditions away from direct sources of heat
- Avoid extremes of temperature
- Do not allow to freeze
- Ensure the cap is tightly fitted after use
- Keep out of reach of children

### Shelf Life

- Shelf life 24 months, if stored as recommended.
- Use within 6 months of opening.

### Environmental

- Neat product will cause damage to plant and animal life.
- Do not allow large quantities of neat product to enter surface waterways.
- In the event of a large spillage, contact the local water authority or Environment Agency immediately.
- This product uses recyclable packaging. The detergents used in the formulation are biodegradable to EU guidelines under the detergents regulations (EC) No 648/2004.
- It contains no Phosphates.
- None of the components of this product are animal derived.
